Sir

Through you, I receive with pleasure the thanks of the trustees of the British Museum, for the Divine Looking Glass.

Yet I have another request to make of them, which I hope they will oblige me in

That is, if they will allow the enclosed printed letter to be fastened in front of the Divine Looking Glass bound in the first volume of Reeve & Muggletons Works, I shall esteem it a great favour.

Feeling that every aughthers work should be kept entire as he leaves it.

I am Sir, with great respect  
your obedient humble servant  
Joseph Frost

To Sir Henry Ellis  
Principal Librarian  
British Museum
